

PICNIC TABLES

ANOTHER GREAT INNOVATIVE PRODUCT IS COMING YOUR WAY!

What makes it so innovative? The fact that it is the most practical accessory any RV owner could use! It is an outdoor table that requires no internal storage space and you can never lose it!

BENEFITS AT A GLANCE

- Quick and easy to install on fibreglass or aluminium cladded vans
- Has powder coated stainless steel hinges
- Has a whopping 30Kg weight rating
- Comes with polypropylene strips to cover unsightly screws (if the Backing Plate has been purchased)
- Made from a SMC that is also used in high end automotive applications (such as Audi and Porsche)
- Comes with two keys to lock in "stowed" position
- Dimensions: 805L x 435H x 30D (mm)
